Once you have clicked 'send' on your invoice it will go through a two-stage validation process

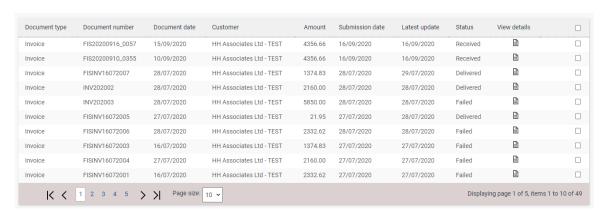

- The first will be within the Tungsten portal confirming that the PO references you
  have used are valid and the invoice and PO values match
  - Note: you cannot partially invoice against POs. POs must be fully utilized against an invoice
  - You can have multiple POs per invoice, but not multiple invoices per PO.

- Once the invoice has cleared Tungsten it will be sent to HH Global for a second validation
- You can monitor the progress of your invoice via 'invoice status':

Click on the page symbol under 'view details' against your invoice

The workflow status on the right hand side will advise when your invoice has been accepted by Tungsten, and then approved by HH Global. Only once an invoice is in 'approved' status has it been accepted by HH Global and is awaiting payment.

Once payment is made, a message will be sent to the Tungsten system updating this screen with 'paid' and a payment due date.
